Introduction

What is the National Board?

The National Board for Professional Teaching Standards (National Board) is a not-for-profit professional organization, created and governed by practicing teachers and their advocates. The founding mission of the National Board is to advance the quality of teaching and learning by

- maintaining high and rigorous standards for what accomplished teachers should know and be able to do;
- providing a national voluntary system certifying teachers who meet these standards; and
- advocating related education reforms to integrate National Board Certification into American education and to capitalize on the expertise of National Board Certified Teachers.

Recognized as the “gold standard” in teacher certification, the National Board believes higher standards for teachers means better learning for students.

Founded in 1987, the National Board began by engaging teachers in the development of standards for accomplished teaching and in the building of an assessment – National Board Certification – that validly and reliably identifies when a teacher meets those standards. Today, there are 25 certificate areas that span 16 content areas and four student developmental levels. The essence of the National Board’s vision of accomplished teaching is captured in the enduring document “What Teachers Should Know and Be Able to Do,” at the heart of which are the Five Core Propositions:

1. Teachers are committed to students and their learning.
2. Teachers know the subjects they teach and how to teach those subjects to students.
3. Teachers are responsible for managing and monitoring student learning.
4. Teachers think systematically about their practice and learn from experience.
5. Teachers are members of learning communities.
Certification Revision

Over the last 25 years the National Board has advanced the teaching profession by establishing and maintaining the definitive standards of accomplished teaching and certifying more than 110,000 teachers across the country against those rigorous standards.

That number is significant but too small in a profession of more than 3 million practitioners. To make the dramatic improvements we all seek in education for every student, National Board Certification needs to be the norm, not the exception. It also must be what the profession expects and is designed to support. To meet this goal, the National Board revised the certification process while maintaining the integrity and transformative nature of National Board Certification. *Revisions to the certification process began to roll out with new candidates beginning in 2014–15.*

**Why did we revise the process?**

- **Incorporate the latest research.** Just as we ask teachers to be reflective in their practice, we are reflective to ensure the certification process mirrors the evolving nature of the profession and current research on best practices in teaching. The process was last revised in 2001.

- **Remove barriers.** We worked with National Board Certified Teachers (NBCTs) and other experts in the profession to remove barriers in the process that have nothing to do with whether a teacher is accomplished.

**What changed in the process?**

The National Board is providing options for educators. While teachers will be able to complete the entire certification process in one year, some may choose to do so over several years if that fits better with other demands on a teacher’s time. While maintaining the same level of rigor, the assessment is now grouped into four components. The total cost of certification is now $1,900, with each of the four components costing $475. Candidates now have the option to pay for and submit each component separately.

The National Board also recently revised its policy for maintenance of certification, and will require Board-certified teachers to demonstrate their knowledge and skills every five years. This new policy is aligned with the movement of 40 state licensure systems to a five-year renewal period, but also reflects efforts to make certification more affordable and efficient for all teachers, so that that it can become the norm in the profession. Development of the maintenance of certification has not yet started, but the aim is to keep it similar in price and process to completion of a single component of the certification process every five years. This is in contrast to the current renewal process, which requires a “Profile of Professional Growth,” with three interrelated components and a reflection. Visit our website at [boardcertifiedteachers.org/maintenance-of-certification](http://boardcertifiedteachers.org/maintenance-of-certification) for detailed information regarding the rollout of maintenance of certification.

**What hasn’t changed?**

Though the process has changed, our principles remain the same. This means the National Board Standards, the Five Core Propositions, and the Architecture of Accomplished Teaching did not change. National Board Certification remains performance-based and peer-reviewed, with the same emphasis on content knowledge and commitment to student learning.
The Certification Process

The certification process for National Board Certification is designed to collect standards-based evidence of accomplished practice. In all certificate areas, candidates for National Board Certification are required to complete four components: three portfolio entries, which you submit online, and a computer-based assessment, which is administered to you at a testing center.

- Computer-based assessment
  - Component 1: Content Knowledge
- Portfolio entries
  - Component 2: Differentiation in Instruction
  - Component 3: Teaching Practice and Learning Environment
  - Component 4: Effective and Reflective Practitioner

The Components

A general description of each component follows. The specific instructions will vary by certificate area, as will the standards assessed by each component.

Content Knowledge

In this computer-based assessment, you demonstrate knowledge of and pedagogical practices for teaching your content area. You must demonstrate knowledge of developmentally appropriate content, which is necessary for teaching across the full age range and ability level of your chosen certificate area. This is assessed through the completion of three constructed response exercises and 45 selected response items (SRIs) of which five are embedded field test items and do not contribute to your score. (Refer to the Scoring Guide for additional information). You will have up to 30 minutes to complete each of the three constructed response exercises. The time allotted for the selected response section varies by certificate area, but will be no fewer 60 minutes.

Differentiation in Instruction

This classroom-based portfolio entry is primarily comprised of samples of student work and an accompanying written commentary. You will submit selected work samples that demonstrate the students’ growth over time and a written commentary that analyzes your instructional choices.

Teaching Practice and Learning Environment

This is a classroom-based portfolio entry that requires video recordings of interactions between you and your students. Two written commentaries, in which you describe, analyze and reflect on your teaching and interactions will also be submitted. Both the videos and the written commentaries should demonstrate how you engage students and impact their learning.

Effective and Reflective Practitioner

This portfolio entry requires you to gather information from a variety of sources about a class of students with whom you work and demonstrate your knowledge of assessments and assessment practices to effectively plan for and positively impact these students’ learning. The portfolio will also require you to provide evidence of your collaboration with families, the community, and colleagues and your contributions to learning communities to advance students’ growth.
How to Register and Select Components

✓ Take time to read all of the information provided in this guide prior to registering. Pay close attention to the Eligibility Prerequisites on page 6 and the Important Dates and Deadlines chart below.
✓ Determine if your state or district offers fee support. To ensure that you qualify for what is offered, you should begin this process as early as possible.
✓ Register online at www.boardcertifiedteachers.org/sign-in. There is a $75 nonrefundable and nontransferable registration fee that must be paid during each assessment cycle before you can select a component(s). Note that this does not cover the full cost of certification.
✓ Select only the components you plan to complete during this assessment cycle. (You must complete this step even if you are receiving third-party financial support.) Refer to page 28 for instructions.
✓ Finally, submit payment in full by the payment deadline. Refer to the Fees chart on page 10 for associated costs.

You are expected to complete all components for which you register during the assessment cycle in which the component is purchased.

Fields of Certification

The National Board offers standards in 25 certificate areas based on its Five Core Propositions. A standards committee composed of a majority of classroom teachers is appointed for each certificate area. Other members of the committee may include experts in child development, teacher education and relevant disciplines. Standards committees recommend to the National Board the specific standards for each certificate area and advise those involved in developing the corresponding certification process.

The standards and the certificates are structured along two dimensions: the developmental level of students and the subject area(s). You may choose either a generalist or a subject-specific certificate. For a list of the available certificates and the links to the standards, please visit the National Board website at boardcertifiedteachers.org/certificate-areas.

If you are a first-time candidate, you may change your certificate area prior to the established deadline through your National Board account by clicking "Service Requests" from the left-hand navigation menu. Simply log in to your National Board account and follow the online steps.

**Completing National Board Certification may take anywhere from one to five years,** depending on the approach you take. The following rules apply:

- You must attempt each of the four components within the first three years of your candidacy.
- There is no minimum or maximum score requirement to retake a component. However, once you achieve National Board Certification, retake attempts are no longer available.
- You have up to two retake attempts for each component and you can retake at any time during the five-year window; retake years do not have to be concurrent or consecutive.
- You can have a year when you take no components; however, it does not extend your five year window.
- The highest score received for an individual component will always be used for total score calculation.

For additional information on retaking refer to Scoring Guide: Understanding your scores, located online at www.boardcertifiedteachers.org/first-time-candidates.
Eligibility Prerequisites

To be eligible for National Board Certification, you must meet the education, employment and licensure requirements described below. You must meet all eligibility requirements prior to starting the certification process. The rules for meeting eligibility for candidacy are described in this guide, but teaching situations across the country vary widely, and the rules may not address your particular circumstances. Please contact us for assistance if you are not sure whether you meet the eligibility requirements.

Do you possess a bachelor’s degree from an accredited institution?
An accredited institution is defined as one that is authorized or accepted by a state as fulfilling the state’s educational requirement for initial teaching licensure or school counseling licensure. A teacher or school counselor with a degree awarded by an institution outside the United States must submit proof that the degree is equivalent to a baccalaureate either by submitting transcripts to an organization that belongs to the National Association of Credential Evaluation Services (see www.naces.org/members.htm) or by submitting documentation to National Board confirming that the state in which you teach or serve as a school counselor has accepted the degree for licensure requirements.

NOTE: Candidates registering for the Career and Technical Education certificate are required to hold a bachelor’s degree only if their state required one for their current license.

Have you completed three years of successful teaching in one or more early childhood, elementary, middle, or secondary schools? Applicants for ECYA/School Counseling must have completed three years of successfully serving as a school counselor.

- The three years of employment experience must have been completed prior to starting the certification process.
- The employment must have occurred in one or more facilities located within the United States or at an institution accredited by one of 17 agencies recognized by the U.S. Secretary of Education. For a list of these agencies, access www2.ed.gov/admins/finaid/accred/accreditation_pg6.html. You should check individual agency websites for the most current contact information.

The following activities do not count toward the teaching or counseling prerequisite:

- time spent in administrative positions
- student teaching or teaching internships (or student practice or school counseling internships)
- employment as a teacher’s assistant
- employment under an intern or a similar teaching license
- teaching or school counseling done at the postsecondary level (e.g., community college or university/college); teachers or counselors with students who are over the age of 18 years must be teaching at the pre-K–12 level and in pre-K–12 settings (e.g., vocational classes in a high school setting), not in a community college or university/college. Teachers in administrative positions or those teaching in the adult learner community may pursue National Board Certification only if they are able to provide evidence of classroom teaching with pre-K–12 students within the timeframe specified in the component instructions.
Part-Time or Substitute Teaching
Teachers who have taught part time are eligible, provided that they have teaching employment that is the equivalent of three years of full-time teaching. Substitute teachers may count teaching time spent in long-term assignments toward the three years; substitute teaching that consisted of short-term or on-call assignments does not accrue toward the three years.

Part-Time School Counseling
If you serve as a school counselor part time, you are eligible to be an ECYA/School Counseling candidate, provided your counseling employment is equivalent to three years of full-time counseling.

Have you held a valid state teaching license (or met the licensure requirements established by your state for a “school counselor” and held that valid license if you applied for the ECYA/School Counseling certificate) for each of the three years of employment you verify? Employment under an intern or a similar teaching license does not meet the licensure prerequisite.

Your state teaching or school counseling license must have been unencumbered (e.g., not suspended or revoked) while you were employed as a teacher or school counselor. Teachers who are or were employed in a facility that requires a state-issued license must hold a valid license during their candidacy period. If part or all of the employment you are verifying was served at a facility in which a state teaching or school counseling license was not required (e.g., private school, parochial school, school outside the United States, or early childhood facility), you must submit proof of this information if requested.

Verifying Your Eligibility
During the registration process, first-time candidates will be required to attest that all eligibility prerequisites will be met before starting the certification process. By attesting to meeting these requirements, you represent the information is true and understand that if misrepresented or falsified, you will be withdrawn from the National Board Certification process or if granted, National Board Certification will be revoked.

National Board will routinely audit first-time candidate records and request proof of meeting these requirements. If you are randomly selected for an audit, you will need to provide supporting documentation demonstrating you met the eligibility requirements. If you are deemed ineligible at any point, you will not receive a refund of the registration fee, any service fees, or the assessment fee for any completed components.

Audit
Candidates who are being audited for eligibility will be notified by the National Board via email within 30 days of registration. You will then have 30 days to return the appropriate verification forms located in the Eligibility Verification Forms and Instructions. You will be notified of your eligibility status within 30 days of receipt of the completed verification forms. Candidates who do not return the appropriate forms and documentation within the specified time frame will be deemed ineligible and their application will be withdrawn.

Note: Candidates who apply between May-August 1 may not be audited until September.
Additional Prerequisite for World Languages Candidates

The National Board for Professional Teaching Standards’ Board of Directors adopted a prerequisite policy for the World Languages certificate area. In addition to the National Board candidate eligibility prerequisites, World Languages candidates must meet the National Board World Languages Standards for language proficiency by providing official American Council on the Teaching of Foreign Languages (ACTFL) certified ratings of Advanced Low or higher from two ACTFL assessments: the Oral Proficiency Interview (OPI) and the Writing Proficiency Test (WPT). ACTFL certificates from any version of the OPI and WPT, such as OPIc, Advanced Level Check – Speaking and Advanced Level Check – Writing, are allowed.

If you are registering for the World Languages certificate, you must:

- Obtain both ACTFL certifications no more than two years prior to the registration deadline of your initial year of candidacy (the year in which you complete your first component). The two separate certifications do not need to have the same certification issue date.
- Submit proof of having completed both ACTFL certifications no later than June 30 of the cycle year in which you complete initial testing on all four National Board components (no later than your third year of candidacy).
- Receive a rating of Advanced Low or higher on each ACTFL certification.

If you have not obtained ACTFL certifications with ratings of Advanced Low or higher before the deadline of June 30 in the year you complete your initial attempt of all four components, your candidacy will be terminated even if you have met all other National Board assessment score requirements.

Obtaining Your ACTFL Certifications

The National Board, in partnership with ACTFL, will provide one free OPIc Advanced Level Check and one free WPT Advanced Level Check to World Languages candidates who register in the 2014-15 through 2016-17 assessment cycles. Only the Advanced Level Check format will be available at no cost during the assessment cycles mentioned above. To be eligible for the ACTFL fee waiver, you must register and pay the nonrefundable and nontransferable $75 National Board registration fee.

For National Board World Languages candidates who need to retake the ACTFL assessment(s), ACTFL is offering a discounted price of $60.00 (US dollars) to retake either the ACTFL Advanced Level Check – Speaking or ACTFL Advanced Level Check – Writing through the 2016-17 assessment cycle.

Note: World Languages candidates who register in the 2017-18 cycle and later are not eligible to receive free or reduced cost testing.

Scheduling Your ACTFL Assessments

Beginning in April 2016, the National Board will routinely provide candidate data for all registered World Languages candidates to the ACTFL Testing office, (LTI). During the first week of every month, LTI will send an email to each candidate which includes a proctor agreement and the requirements for scheduling* an ACTFL assessment.

*ACTFL assessments are available on demand and are not technically scheduled with LTI; they are merely activated. Candidates generally are given two weeks in which to coordinate with their proctors and complete the assessment(s). There will be two separate emails, and two separate logins for the assessments. Within 2-3 business days of receiving the proctor agreement, the assessments will be activated.
**Step 1: Identify the Proctor Who Will Administer Your Assessment(s):** You will be required to arrange for a proctor to administer your ACTFL assessment(s) and to have the proctor agreement completed. The proctor must be a trusted, responsible individual, ideally a member of the Human Resources department of the organization of the candidate requesting the assessment. In addition, the proctor must have a WORK email and the email address must contain the proctor's name and proctor's school name. Personal email addresses such as AOL, Hotmail, Comcast, Verizon, etc., will not be accepted. Below are the criteria for eligible proctors:

- **K-12 Schools and School District Proctors:** A proctor at a K-12 school or school district may only be a Principal, Assistant Principal, Dean, Administrative Assistant to the Principal or Dean, School District HR personnel, or Academic Chair. No other administrators or staff may act as proctors.

- **University or College Proctors:** A proctor at a college may be a Professor, Department Chair, Department Administrative Assistant or Department Coordinator, or Registrar and University Assessment Personnel. No other administrators or staff may act as proctors.

**Step 2: Return the Completed ACTFL Internet Test Proctoring Agreement:** The completed proctor agreement should be faxed to 914-963-7113 or emailed to sales@languatetesting.com at LTI. Once LTI receives your completed proctor agreement, your ACTFL assessments(s) will be scheduled, and assessment log in information and instructions will be emailed directly to the proctor by LTI.

**Step 3: Schedule Your Test Date and Location:** Within 2-3 days after you submit the proctor agreement to LTI, your proctor will receive an email on how to access your ACTFL assessments. The assessments will be available for administration as soon as your proctor has received that email. The assessments will be delivered via the Internet and on any secure computer that meets the minimum technical specifications detailed here.

**Submitting Your ACTFL Certifications**

After you have completed the National Board registration process and submitted payment of the nonrefundable and nontransferable $75 fee, your evidence of language proficiency will be accepted.

If you already have the required ACTFL certificates for the speaking and writing proficiency assessments with ratings of Advanced Low or higher and the issue date is no more than two years prior to the published deadline of your initial National Board Certification* registration cycle, you must provide copies of those certificates via email to NBPTSCandidateSupport@Pearson.com. Include your name, National Board candidate ID, and copies of your ACTFL certificates in the email. ACTFL certificates from both OPI and WPT assessments must be submitted at the same time.

*Your ACTFL certificates are still valid for National Board Certification if you registered in:

- 2016-17 and have ACTFL certificates that were issued on or after January 31, 2015.
- 2015-16 and have ACTFL certificates that were issued on or after January 31, 2014.
- 2014-15 and have ACTFL certificates that were issued on or after January 31, 2013.

If you obtain ACTFL certifications after April 1, 2016, the National Board will verify your certification directly with the ACTFL Testing office (LTI).

For additional information regarding the ACTFL requirement, please review our FAQs.
This table lists the various fees applicable to National Board Certification. You are responsible for confirming receipt by the National Board of any payments. After your application has been processed, you can view the fees posted to your individual account at www.boardcertifiedteachers.org/sign-in.

Withdrawals, Refunds, and Reinstatements

Component Withdrawal
You are expected to complete all components for which you register during the assessment cycle in which the component is purchased. If you are unable to complete a component, you can withdraw the component through your National Board account prior to the withdrawal deadline by clicking “Service Requests” from the left-hand navigation menu. Note: The National Board does not offer a deferral service. If the withdrawal deadline has passed, we recommend that you consider completing your selected component(s) by the established deadlines as the assessment fees are nontransferable and even if you do not complete the component(s), the assessment year will count toward your five-year window to pursue certification.

Registration Withdrawal
If circumstances require you to end your candidacy, you can withdraw your entire registration. By withdrawing your entire registration, you are cancelling your candidacy and will be required to apply anew if you later wish to continue the pursuit of certification.

- If you are a first-time candidate and have not completed a component(s) (i.e. you have not submitted a portfolio or tested at the assessment center), you can withdraw your registration through your National Board account prior to the withdrawal deadline by clicking “Service Requests” from the left-hand navigation menu. Note: You must first withdraw all currently purchased components before you will be permitted to withdraw your entire registration (see Component Withdrawal).
- If the withdrawal deadline has passed OR if you have completed one or more components in a previous cycle (i.e., you submitted a portfolio or tested at the assessment center), you can withdraw your registration by contacting our Customer Support team – this service is not available online.

The following implications are true for all withdrawals:

You can register again in a different certificate without restriction. Refer to page 12 for the registration deadline.</td>

Refunds

If you withdraw prior to the withdrawal deadline, you will be eligible for a fee refund, less the nonrefundable and nontransferable $75 registration fee and any service fees. Refund processing time is 4-6 weeks.

You are NOT eligible for a refund if the withdrawal deadline has passed.

Reinstatements

If you have withdrawn your entire registration and wish to be reinstated before the withdrawal deadline, please contact our Customer Support team at 1-800-22TEACH.
Scholarships and Rewards

Scholarships

Through the generosity of corporate and foundation partners, National Board is periodically able to offer a limited number of scholarships to help offset a portion of the fees for National Board Certification. Scholarships are allocated under the guidelines set by the donors on a first come, first served basis. If you are eligible for a scholarship, the funds will be automatically posted to your National Board account prior to the published payment deadline and you will be notified via email. Please note that funding is limited and you should not rely on a scholarship to cover your component fees.

Incentives and Fee Support

Various states and local school districts have recognized the value of National Board Certification by offering salary increases, bonuses, or other incentives to educators who become NBCTs. There may also be some state, and/or local funds available to support National Board Certification fees.

Before you register, contact your state or local program administrator for information about fees and incentives available in your state, as well as for any special application requirements that may apply. Many states set candidate application deadlines that differ from those set by National Board, but the state application deadlines must be met for a candidate to be eligible for state fee support.

Learn more about how states and school districts support National Board Certification at www.boardcertifiedteachers.org/in-your-state.

The three components comprised of portfolio entries will be submitted electronically for scoring using our online submission system. You will receive information about using the ePortfolio system during your candidacy.

**Assessment Center Testing**

Component 1: Content Knowledge is administered at computer-based testing centers across the United States. Once test centers are ready to accept appointments and your eligibility has been verified, you will receive an email with instructions for scheduling your
appointment. Prior to scheduling your appointment, you should review Assessment Center Policy and Guidelines for important information about how Component 1: Content Knowledge is administered and how to prepare for a computer-administered assessment.

If you have a disability that necessitates an accommodation under the ADA for any component of the National Board Certification process, your request must be made using the form and instructions found in the Request for Testing Accommodations Form and Instructions. You are urged to submit your request form as early as possible to allow 6–8 weeks for National Board to review your request for accommodation(s) and make all appropriate arrangements for you to be able to attend the assessment center on your preferred testing date.

**Scoring**

National Board Certification is a standards-based assessment. Your score reflects the degree to which assessors were able to locate clear, consistent, and convincing evidence that you have met the National Board Standards specific to your certificate field. Scoring rubrics are available in the component instructions. When results are reported, you will receive a score for each component attempted, as well as information to assist you in making decisions on whether or not to retake.

The reliability of the scores assigned to the performance of candidates is contingent upon maintaining the standardized scoring protocols that National Board has developed and refined since the certification program was first offered. For this reason, all scoring events for portfolio entries and constructed response exercises occur under the direction of experienced trainers and content specialists who are tasked with ensuring that the integrity of the process is maintained.

One or more assessors score each of the National Board Certification responses for all certificate areas and all constructed response exercises are scored by two independent assessors. The selected response item section of Component 1: Content Knowledge is machine-scored.

You are required to demonstrate practice in your selected certificate area. Performances that demonstrate work with students who are not in the certificate areas (i.e., students who do not fit the content area or age parameters) will not be scored.

Candidates who work as members of a team of teachers or school counselors have an excellent opportunity to collaborate with their peers. However, there are guidelines provided in the portfolio instructions for candidates to submit appropriate original individual work to support evidence of meeting standards of accomplished teaching.

Before you submit your portfolio entries for scoring, assessors who have served at a scoring site for the National Board, especially NBCTs, may be willing to provide supportive and constructive feedback to you regarding your performance. It would be inappropriate, however, for any person who has served as a member of the National Board scoring staff to make a judgment about the score that a performance should be given if reviewed outside of a formal scoring session.

National Board assessors sign a statement agreeing that they will not give their opinions about the potential score that might be assigned to a performance when reviewing candidate performances outside of the scoring session.

For more information on the scoring process and how to interpret your scores, review Scoring Guide: Understanding Your Scores, located online.
National Board Policies

The National Board makes every effort to ensure that the National Board Certification process is fair for all applicants. National Board is committed to examining and refining its policies continuously in ways that benefit all candidates and enhance its delivery of efficient and high-quality services. The following policies (in italics, below) have been adopted by the Board of Directors and are applicable to National Board Certification.

NOTE: The National Board’s policies and procedures relating to assessment and certification, as set forth in this Guide and in the sources referenced in this Guide, are subject to change at the sole discretion of National Board for Professional Teaching Standards, as it deems necessary for the betterment of the program.

Candidates with Disabilities

It is the policy of the National Board for Professional Teaching Standards to comply with the Americans with Disabilities Act of 1990 (ADA) regulations governing both facilities and administration. The National Board program is committed to serving candidates with disabilities by providing services and reasonable accommodations that are appropriate given the purpose of the assessments. If you have a disability that necessitates an accommodation under the ADA for either the portfolio or the assessment center component of the National Board Certification process, your request must be made using the form and instructions found in the Request for Testing Accommodations Form and Instructions.

You are urged to submit your request form as early as possible to allow 6–8 weeks for National Board to review your request for accommodation(s). All requests for accommodations must be approved in accordance with National Board policies and procedures.

Confidentiality Guidelines

I. The National Board for Professional Teaching Standards will take precautions so that all information about a candidate’s candidacy and performance is strictly confidential. The names, school districts, certificate areas, and certification expiration dates of National Board Certified Teachers will be published and NBCT mailing addresses will be shared with public officials representing NBCTs’ jurisdictions. Candidate scores will not be published or released by the National Board without prior written consent. The National Board will release certification decision information only to the candidate seeking National Board Certification unless the National Board receives written authorization from the candidate.

II. Any candidate who accepts full or partial payment of the assessment fee by a third-party agency is deemed to have given permission to the National Board for release of the certification decision to that third-party agency.

III. During the application process, the National Board will collect information necessary to communicate with candidates, to verify that candidates have met eligibility requirements, and to conduct research projects.

IV. On the application, the National Board offers potential candidates the option of having limited candidate information released to third-party agencies that may provide incentives, supports, and rewards for teachers/school counselors seeking National Board Certification. Such agencies may include national, state, and local professional and disciplinary associations whether or not the candidate is a member of such associations, state education agencies, county education agencies, local school districts, and community foundations. Candidates who do not wish to have their names released for this purpose can indicate this preference on the application form; however, doing so may result in missed opportunities for candidacy funding support. Candidates
who accept full or partial funding from a third-party agency are deemed to have authorized permission for release of information to that third-party agency, regardless of the preference indicated on their application.

V. Upon full or partial payment of a candidate’s assessment fee by a third-party agency, the National Board will provide the candidate’s completion and certification status to the third-party agency. Neither total scores nor individual exercise scores will be released to third parties.

VI. The National Board will establish procedures requiring that all employees, contractors, assessors, or administrators who have access to information about the identity or performance of candidates understand the strictly confidential nature of this information.

VII. National Board will take precautions to assure that written and electronic confidential information is reasonably protected.

VIII. The National Board will assure that when research data are shared, any information about the identity or performance of individual candidates will be concealed.

**Denial or Revocation of Certification**

I. Certification may be denied or revoked for any applicant or certificate holder who, in the sole judgment of the National Board for Professional Teaching Standards,

A) has knowingly misrepresented or falsified material information in connection with an application, credentials, assessment documentation, or other materials or information submitted to National Board or

B) has knowingly engaged in inappropriate conduct in connection with the certification process or renewal of the certification process, including but not limited to:

- noncompliance with assessment procedures, regulations, or instructions;
- violation of confidentiality agreements signed in accordance with the candidate application and/or assessment administration;
- obtaining improper access to secure assessment materials or information prior to the administration of the assessment;
- sharing, publishing, electronically posting, or otherwise reproducing secure assessment materials or information;
- violation of the National Board guidelines that describe collaboration with others; or
- any other form of cheating or misconduct that compromises the integrity of the certification process; or

II. National Board shall establish a fair procedure for such denials or revocations that is based on a finding by the President that certification should be denied or revoked based on the criteria in the preceding section and imposition of appropriate sanctions, including but not limited to:

- denial of certification and withholding of score report, with leave to retake one or more assessment exercise(s),
- denial of certification and exclusion from future participation in the assessment program,
- revocation of certification,
- assessment of monetary sanctions to cover costs and/or damages (including the costs of investigation) associated with the misconduct found.

III. In the interest of public protection and protecting the integrity of the teaching profession, for all teachers who have been denied certification and excluded from future participation in the assessment program or had a National Board Certificate revoked, National Board will

A) provide the following information to the agency responsible for state licensure, employers, as well as to any third-party payer who financially supported or supports
the teacher involved: (1) teacher name; (2) teacher home address, city, and state; (3) teacher school; and (4) date of action taken by National Board;
B) remove the name of the teacher from any National Board official listing of National Board Certified Teachers; and
C) make the following information available through online and print publications and press releases: (1) teacher name; (2) teacher city and state; and (3) date of action taken by National Board.

Maintenance of Certification

Beginning with certificates issued in 2017, maintenance of certification will be required every five years. This Guide will be updated with additional information as it becomes available.

Reconsideration of Certification or Scoring Decisions

Revised October 2004

I. Background
Recognizing that the cost to file an appeal is significant, National Board feels it is important to disclose that history has shown that most candidates who file an appeal do not establish good cause as defined by policy, expending time and personal funds unnecessarily.

II. Grounds for Reconsideration
A) Once a candidate has received a certification decision and/or a report of exercise scores relating to his or her performance on an assessment, it is the policy of the National Board for Professional Teaching Standards to reconsider those certification or scoring decisions only where the candidate has submitted to National Board a written request for reconsideration that demonstrates good cause as to why such reconsideration is necessary. To establish good cause to support a request of reconsideration of a certification or scoring decision, a candidate must identify some particular circumstance or condition that makes it fundamentally unfair for National Board to maintain the certification and/or scoring decisions previously released to the candidate.
B) Before National Board makes final and releases any certification or scoring decision, it carefully reviews the assessment materials, the scoring process, and the performance standard to be used in connection with those decisions and assures itself that they are valid and reasonably reliable means of arriving at those decisions. Accordingly, for purposes of this policy, a candidate will not establish good cause to support a request for reconsideration of a certification or scoring decision by stating, for example, that:
   1) the candidate or others believe that the certification decision or one or more of the exercise scores received by the candidate do not accurately reflect the quality of the candidate’s performance or teaching abilities; or
   2) the candidate or others disagree with or seek an exception from or challenge the performance standard or some component of the performance standard that has been adopted by the board, the standards, the portfolio instructions, or scoring processes; or
3) the candidate failed to understand or follow National Board policy and procedures (as outlined in the Guide to National Board Certification and the online Assessment Center Policy and Guidelines), failed to understand or follow an instruction in the assessment materials, failed to submit documents, or failed to perform in a manner that best presented the candidate’s qualifications for certification. Please note this includes, but is not limited to, the failure to report test center problems within seven days after a testing appointment.

This holds true regardless of how close a candidate comes to achieving certification. This also holds true regardless of personal circumstances endured while seeking certification. Furthermore, there are no circumstances under which mere disagreement with the score of a portfolio entry or assessment center exercise will result in the immediate award of additional “points.”

III. Procedure and Timeline for Filing an Appeal

Candidates who wish to submit a letter of appeal must follow these instructions:

- Submit your letter of appeal and appeal fee ($500) to:
  National Board
  1525 Wilson Blvd, Suite 700
  Arlington, VA 22209

- Include in the letter all pertinent details supporting the appeal. Be specific. Enclose only materials that are directly relevant to a show of “good cause.”

- The letter of appeal must be received within 60 calendar days of the date that is printed on the score report.

- Appeals are only received for a period of 60 days after the date that scores are released. During that period, a candidate can only appeal a certification or scoring decision that was rendered during that specific score release. Appeals filed for certification or scoring decisions rendered in former score releases will not be considered. Once the appeal deadline has passed and a candidate has not submitted an appeal, scores will be final and not subject to appeal.

Score Verification Service

The Score Verification Service offers candidates the option to have one or more scores verified. A fee of $75 per score verified, which can be paid by credit card online, is charged to the candidate for this service. No explanation of the request is required and a response is guaranteed within 30 days. In the past, many candidates who filed an appeal could have first verified the accuracy of their results at a lower cost through score verification. The National Board strongly encourages candidates to make use of the Score Verification Service before deciding if an appeal is in their best interest.

For more information on the Score Verification Service, please contact our Customer Support team at 1-800-22TEACH.

VI. Annual Report

The President shall submit a report to the Board of Directors on the implementation of this policy.

Ethics

The National Board does not tolerate cheating or confidentiality breaches of any type. Help protect the integrity of National Board Certification. Immediately report breaches of
security, misconduct, and/or unethical practice by calling National Board at 1-800-22TEACH (83224).

Language Accommodations

We recognize that languages other than English are frequently used in the classroom; therefore, for the following circumstances, the accommodations described are allowed.

- **Student Work Samples and Video Evidence with Brief Expressions or Phrases in a Language Other than English.** Student work samples and video evidence may include brief expressions or phrases in a language other than English. The inclusion of such expressions or phrases must be limited because assessors do not have fluency in languages other than English. If expressions or phrases in a language other than English that are important for an assessor to understand are included, you must include brief explanations of these expressions or phrases in the Written Commentary.

- **Student Work Samples and Video Evidence in a Language Other than English.** If you are submitting student work samples or video evidence in a language other than English, you must provide a written English translation for the samples or evidence with your submission. The translation must include your candidate ID number, the entry title, and any necessary student identifiers (but do not include students’ names). Note that the pages of your translation do not count toward your page totals.

Exceptions

- English Language Arts. Candidates seeking certification in this area must submit student work samples and video evidence in English.

- World Languages. Assessors for this certificate area are fluent in English and the target language; therefore translations are only required for documentation that is written in a language other than English or the target language.

If the majority of your instruction takes place with students for whom English is a new language, the appropriate National Board certificate may be either the Early and Middle Childhood/English as a New Language certificate or the Early Adolescence through Young Adulthood/English as a New Language certificate. To help you make the decision whether to pursue certification in one of the available certificate areas, discuss your teaching situation with professional colleagues, your school faculty, a National Board Certified Teacher, or your faculty support group. For more information on submissions in languages other than English, see the component instructions for your certificate.
