

# Welcome to our Field Day 2020

During the weeks of June 1st-12th we encourage you to celebrate the school year by participating in our county wide Field Day! This year the county PE teachers got together to create a Virtual Field Day with an interactive google slideshow, a printable checklist and a video for every elementary school.

I truly wish we could all be together to celebrate this past school year and miss everyone! I hope you enjoy the games and activities. Feel free to share and post any pictures or videos of your favorite activities!

Have Fun - Ms. Quigley
