VIRTUAL LEARNING DEFINITIONS and EXPECTATIONS FOR STUDENTS

Synchronous Learning-Synchronous learning requires teachers and students to be online at the same time. During this time, teachers can provide direct instruction and facilitate class discussions.

Expectation: Students must sign into Schoology at the beginning of the Synchronous Learning time in order to be marked present and receive live instruction. In the event that a student is unable to sign in at the beginning of class, they are to sign in to Schoology at some point during the day to access and complete learning materials for that course.

Asynchronous Learning-Asynchronous learning allows students to access course material on their own schedule. Teachers will post learning materials to Schoology, which can be accessed by students at any time as long as assignments are completed by established due dates.

Expectation: Students must sign into Schoology at the beginning of the Asynchronous Learning time in order to be marked present and receive the expectations for the day. In the event that a student is unable to sign in at the beginning of class, they are to sign in to Schoology at some point during the day to access and complete learning materials for that course.

Office Hours-Pre-scheduled time to meet with students and/or parents to address their academic needs.

Expectation: Students should be aware of their teachers’ office hours. Students can schedule time to meet with their teacher during office hours to receive additional support. Teachers may also schedule time to meet with students to provide support based on current student performance.

ATTENDANCE PROCEDURES
KIHS adheres to the Queen Anne’s County Public Schools Student Attendance Regulation. All students are expected to attend school regularly by signing into Schoology at the scheduled Synchronous Learning and student check-in times. Students are marked present for class by signing into their Schoology account or communicating with their teacher or attendance secretary for each course. Consistent virtual learning participation is a student and parent’s responsibility. Maintaining close communication and cooperation between the home, school, and community promotes regular attendance. Students are expected to participate in and complete assignments for all classes on a daily basis. If a student is unable to sign in during the scheduled Synchronous Learning and student check-in times, they should sign in at another time during that day in order to access and complete instructional materials.

Students will be allowed a combination of five (5) personal (parent) emails and/or parent call-ins per semester. Five (5) or more unlawful absences per semester may result in course failure and loss of credit. This decision may be appealed to the Attendance Review Committee. In the event of an absence, students should email their teacher(s) and the attendance secretary (Grade 9: julie.connaire@qacps.org; Grade 10-12: melissa.snyder@qacps.org).

LAWFUL ABSENCES
Reasons for lawful absences prescribed in the Code of Maryland Regulation (COMAR) 13A.08.01.03 include the following:

- Death in the immediate family
- Illness of the student
- Court summons
- Hazardous weather conditions
- Work approved or sponsored by the school
- Observance of a religious holiday
- State emergency
- Suspension
KIHS STUDENT AND PARENT HANDBOOK
VIRTUAL LEARNING FALL 2020

- Lack of authorized transportation. This shall not include students denied authorized transportation for disciplinary reasons.
- Other emergency or set of circumstances which, in the judgment of the principal or designee, constitutes a good and sufficient cause for absence from school.

UNLAWFUL ABSENCES
An absence, including for any portion of the day, for any reason other than those cited as lawful are presumed to be unlawful and may constitute truancy. Five or more unlawful days per semester may result in course failure or loss of course credit. Course credit may be withheld for an individual class should a student be absent from the class five or more days unlawfully. This decision may be appealed to the Attendance Review Committee one week prior to the end of the semester. Students with 10 consecutive unlawful absences will be withdrawn from school and may be able to re-enroll, provided they meet enrollment requirements, upon their return.

SPECIAL EVENT/VACATION REQUESTS
Vacations or trips may be considered a legal excuse if the principal has given prior approval. Two weeks prior notice, in writing, is required. The principal or designee may approve up to five days per year for a trip. If approved, the absences are lawful. The student is to request make-up work from teachers upon their return. If the trip is not approved, the absences are unlawful. Any requested trip for students who have missed more than 10 days (excused or unexcused) in a semester may not be approved. Requests for approved absences for extra curricular activities such as participating in performances and competitions not affiliated with KIHS will be handled on an individual basis based on the merits of the request.

COLLEGE VISITS
Visits to college campuses may be pre-approved with documentation provided by the college of the visit.

PROCEDURES TO VERIFY ATTENDANCE/TARDINESS
Upon returning to virtual learning from an absence, a parent has one (1) week to email the attendance secretary stating the reason for absence. The email should contain the student’s name, date(s) of absence, and reason for absence(s). Under certain circumstances, administrators may require a doctor’s note. **After one week, an unlawful absence cannot be changed to a lawful absence.**

If a student is absent, the parent/guardian should call the school (410-604-2070) between 8:00AM and 1:00PM on the day of the absence to justify a lawful absence and email a note on the day of the student’s return to virtual learning. Students will be allowed a combination of five (5) personal (parent) notes or parent call-ins per semester. Additional call-ins without submitting lawful documentation will be considered unlawful. A doctor’s note is considered lawful documentation.

After 3:00PM, the school’s automated calling system will begin calling parents of students whose absence has not been verified.

CONSEQUENCES FOR NOT ATTENDING SCHOOL
Beginning with the sixth (6) absence of the school year (lawful or unlawful), you may be subject to one or more of the following consequences: parent conferences, probationary periods, written contracts, restriction of extracurricular activities, referral to outside agencies, loss of credit, and other appropriate school-based interventions.

PERFECT ATTENDANCE
Perfect attendance is identified as no absences from school, excused or unexcused, and no excused or unexcused tardiness or latenness. Absences due to school sponsored field trips will not be considered an absence when calculating perfect attendance.
KIHS STUDENT AND PARENT HANDBOOK
VIRTUAL LEARNING FALL  2020

GRADING
KIHS adheres to QACPS High School Grading Policy and Regulations. Below is a summary of the policy and regulations.

All grade books will be divided into the following categories and percentages:

Mastery Assessments - 50% of final grade
  a. A minimum of 7 mastery assessments is required for each course, with
     a minimum of 2 entered into the grade book by the mid-course interim
     report. One mastery assessment will be a cumulative assessment
     (exam, project, performance, paper, etc.)

Progress Assessments - 50% of the final grade
  a. A minimum of 24 progress assessments is required for each course with a minimum
     of 12 grades entered into the grade book by the mid-course interim report.

DEFINITIONS:

Mastery Assessment: Mastery Assessments provide timely feedback after the instructional process for the purpose of demonstrating the level of mastery of the skills being assessed. These could include, but are not limited to, major projects, performances, unit tests, chapter tests, etc.

Progress Assessments: Progress assessments for learning are assignments and assessments given at a point in time when the students are progressing towards mastery. Progress assignments should vary in type. These could include, but are not limited to, class work, brief progress checks, and quizzes. Progress assessments are intended to be summative in nature only on a smaller scale when compared to the mastery assessments.

Homework: Homework are assignments completed by a student after school hours and consists of independent practice, which represents an extension of the daily objective.

LATE ASSIGNMENTS
Late assignments are those that are submitted after the due date, not due to an absence. Late work will be accepted with the following restrictions:
  a. Teachers are responsible for establishing due dates for assignments and a deadline for the last day they are willing to accept late assignments. Teachers are expected to separate the due date from the deadline in order to increase opportunities for students to complete assignments.
  b. Work must be turned in within 3 days of the due date (unless circumstances for an extension have been approved by the teacher and/or administration), with no late penalty.
  c. Work turned in after the third day and by the teacher's established deadline may be subjected to a lower grade due to lateness, not to exceed 10 percent per day.

EXTRA CREDIT
Extra Credit may be offered at the teacher’s discretion. If extra credit is offered, it must satisfy all of the following guidelines:
  a. It must be available to all students.
  b. It must reflect extra learning or understanding, not participation.
  c. It must clearly relate to, or extend, content from the area it is assigned.
  d. It must be reported as a progress assessment and carry a weight that is no more than an average / typical progress assessment.
  e. Extra credit is not to be used to elevate a grade to passing when a student has not met course standards.
  f. A student electing not to complete extra credit cannot be penalized.

MAKE-UP WORK REQUIREMENTS
Whenever a child is absent, it is important for the child to have access to the information presented in class. The teacher will post work to Schoology and it is the student’s responsibility to check their Schoology account for missed instruction and assignments. If the student is absent for multiple days, parents/guardians and teachers are encouraged to communicate regarding make-up work that may be completed while the child is absent. It is the child’s responsibility to turn in the work to the teacher. A student shall be allowed a reasonable number of days, at least equivalent to the number of days absent to make up work.
DISCIPLINE

EXPECTATIONS – Students are expected to behave in a courteous, cooperative manner toward each other and toward all others in the virtual learning environment. Students are responsible for their behavior and the appropriateness of their learning environment throughout virtual learning. Most violations of this standard of conduct can be handled by the teacher and/or with the intervention of school counselors and assistant principals. Disciplinary consequences may include student conferences, parent conferences, removal from Synchronous Learning opportunities, and Saturday school. Severe violations are handled as required.

Students are also expected to refrain from Academic Dishonesty throughout the virtual learning experience. Failure to exercise academic integrity may result in academic and/or behavioral action. Academic Dishonesty includes, but may not be limited to, the following:

- **Plagiarism**: Presenting the ideas or words or another person as one’s own without citing the source.
- **Colluding/Copying**: Allowing one’s work to be copied or submitted by another student, including transferring one’s work electronically and allowing it to be submitted.

To maintain a respectful environment, disciplinary action may be necessary.

SCHOOL BUS REGULATIONS

In the event that bus transportation is required, all school and county policies are in effect while students are on the bus. Parents or legal guardians are responsible for the behavior and safety of their children until the time of boarding the bus in the morning, and from departing the bus at the end of the school day. Once the child enters the school bus, the authority to manage student conduct lies with the bus driver and the school administration. Behavior or activity jeopardizing safe operation of the school bus or interfering with the welfare of other vehicle occupants is prohibited. The school bus operator will report to administration conduct appearing to require disciplinary action in writing. Students must ride his/her assigned bus unless approval has been given by the administration. Such approval will only be given when the student presents a note from the parent and when it is an emergency situation.

CELL PHONE POLICY

The Board of Education adopted a new cell phone policy that took effect on January 4, 2017. The entire policy can be accessed here.

High School students may possess Smart/Cell phones during the school day in accordance with the following regulations:

*Students may use a cell phone during transitions between classes.
*Cell phone use during synchronous learning is under the discretion of individual classroom teachers.
DRESS CODE AND LEARNING ENVIRONMENT EXPECTATIONS FOR STUDENTS

Students have the responsibility of choosing their attire and arranging their personal appearance and learning environment in a manner that is respectful, healthy, safe, clean, and appropriate to learning. The school has a responsibility to make sure the student dress and learning environment do not disrupt the educational process, and that the environment is comfortable for all. The administration reserves the right to exclude any items of apparel or accessories, which are disruptive to school activities.

Students whose dress or learning environment is disruptive during virtual learning will be asked to change or remove disruptive material. Continued refusal to adhere to the dress code and learning environment expectations may result in additional disciplinary action for insubordination.

They must pick up a withdrawal slip from the counselor and take it home for parent/guardian signature. All books, uniforms, school property and obligations must be returned and signed off on the withdrawal form by teachers, and the finance secretary. The student then returns the withdrawal form to the appropriate school counselor after all signatures are completed.

NOTE: Records, transcripts, etc.will not be forwarded until a student has completed this withdrawal process.

WITHDRAWING FROM SCHOOL – When a student wishes to withdraw (dropout) the following procedures must take place; the student first meets with the school counselor.
