CueThink	An innovative application to improve critical thinking skills and math communication of students in grades 2-12. CueThink engages students who are already doing well and supports students who are slipping.	TRUE	TRUE	TRUE	TOS	Privacy Policy	Under the age of 13	Teacher accounts/use only Permission slips for users under 13 Accordingly, we are subject to the Children's Online Privacy and Protection Act ("COPPA"), which among other things requires that we obtain verifiable parental consent before we collect personally identifiable information online from children who are under 13. Therefore, we only collect personal information through the Services from a child under 13 where that student's school, district, and/or teacher has agreed (via the terms described in the following paragraph) to obtain parental consent for that child to use the Services and disclose personal information to us, for the use and benefit of the learning environment. If you are a school, district, or teacher, you represent and warrant that you are solely responsible for complying with COPPA, meaning that you must obtain advance written consent from all parents or guardians whose children under 13 will be accessing the Services. When obtaining consent, you must provide parents and guardians with our Privacy Policy and sample permission slips. You must keep all consents on file and provide them to us if we request them.	3/26/20
