

The Nurturing Parenting Program

Children don't come with a manual. Trying to be a good parent can be challenging, and sometimes it just gets to be overwhelming!

Join us for this nationally accredited program, and pick up some new ideas, learn proven concepts that can help you better understand your child and be a positive influence in their life. This program is offered to families with children ages 0-11 years old. Child care and a light meal are provided.

Tuesday and Thursday Evenings

April 26—May 26, 2022
