

Elizabeth Miller, LCSW-C
Judy Center Program Coordinator

Elizabeth Miller is the Coordinator for the Judy Center Early Learning Hub at Sudlersville Elementary School. Elizabeth earned a Bachelor of Arts Degree in Political Science/English from Southeast Missouri University, and a Master’s Degree in Social Work from Salisbury University. Elizabeth is a Licensed Certified Social Worker-Clinical and has coordinated grant funded programs for the Queen Anne’s County Public School System since 2007. During her tenure working for QACPS, she has successfully written multiple grants to enhance the services offered in the programs under her direction, including the Barbara Bush Family Literacy Grant, the Woman and Girls’ Foundation Grant, and the Governor’s Office for Children/Local Management Board grant to promote a “trauma informed” school environment. When Elizabeth isn't at the Judy Center Early Learning Hub, she spends time with her husband, Bill, her children and grandchildren and Peaches, the family’s pet Chihuahua. More than likely, you will find her at horse riding lessons, piano lessons or little league baseball games where she supports her grandchildren’s extra-curricular activities.
