The fighting of World War I stopped when an armistice between the Allied nations and Germany went into effect on the eleventh hour of the eleventh day of the eleventh month. For that reason, November 11, 1918, is generally regarded as the end of "the war to end all wars."

The observance of Veterans Day on November 11 preserves the historical significance of the date. It's also a celebration to honor America's veterans for their patriotism, love of country, and willingness to serve and sacrifice for the common good.
