QACPS Health and Physical Education Partners with the Washington Capitals

Centreville – Queen Anne's County Public Schools is excited to announce a dynamic partnership with the Washington Capitals Hockey Team, ushering in a new level of sports education within our district. The Washington Capitals Hockey School Program has generously provided each school in our county with a complete set of street hockey equipment (40 sticks, 40 pucks, and 40 hockey balls), age-appropriate lessons, and county-wide professional development. This collaborative initiative aims to empower our Health and Physical Education teachers by offering them a unique opportunity to integrate a comprehensive floor hockey unit into their yearly lesson structures.

The Washington Capitals Hockey School Program represents more than just a donation of equipment; it is a commitment to fostering a passion for physical activity and teamwork among our students. By providing resources and expertise, the program ensures that our teachers are equipped to deliver engaging and developmentally appropriate lessons in line with the latest educational standards. The impact extends beyond the classroom, fostering a love for the sport and promoting a healthy, active lifestyle among our students.

This collaboration exemplifies the shared commitment of Queen Anne's County Public Schools and the Washington Capitals Hockey Team to invest in the well-rounded development of our students. We look forward to the positive impact this program will have on our school community, promoting fitness, teamwork, and the joy of learning through sports.

Quote from Queen Anne’s County Public Schools
"We are thrilled and excited about this partnership with the Washington Capitals Hockey Team. The Washington Capitals Hockey School Program not only enriches our physical education curriculum but also ignites a new level of enthusiasm among our students." - Michael Page, Supervisor of Physical Education, Queen Anne's County Public Schools
