Maryland Common Core State Curriculum Framework

- Reading Foundational Skills
  Grades Kindergarten through 2

June 2011

MARYLAND STATE DEPARTMENT OF EDUCATION
Preparing World-Class Students
In June, 2010, the Maryland State Board of Education adopted the Common Core State Standards. During the summer and fall of 2010, Maryland educators examined the Common Core State Standards and the existing State Curriculum to determine which skills and content matched the Common Core State Standards. Based on this analysis, development of the new curriculum began. These Frameworks are the result of a yearlong effort by Maryland educators to unpack the Common Core State Standards and identify the essential skills and knowledge that a student would need in order to master the grade specific standards. Since the Common Core State Standards did not include Pre-K, Maryland educators created standards and developed the essential skills and knowledge to serve these students. The Frameworks are not intended to convey the order in which the standards should be taught nor the length of time to devote to a unit of study.

Key:
Black print – Common Core State Standards
Red print – The Essential Skills and Knowledge identified by Maryland Educators. These statements are intended to help teachers develop common understandings and valuable insights into what a student must know and be able to do to demonstrate proficiency with the standard.
Purple print – The Common Core State Standard was judged as an excellent match with the existing State Curriculum during the gap analysis, such as SC, 6 (read “State Curriculum, Grade 6)

The Maryland Common Core State Curriculum Frameworks in English Language Arts integrate standards from different strands. Throughout the Maryland Essential Skills and Knowledge, you will see references such as See CCSS 6 SL4 (read “See Common Core State Standards, Grade 6, Speaking & Listening, Standard 4”). The following list shows the abbreviations used when referencing standards from the ELA Common Core State Standards:
RL – Reading Literature
RI – Reading Informational Text
RF – Reading Foundational Skills
W – Writing
SL – Speaking and Listening
L – Language

The Maryland Common Core State Curriculum Frameworks also integrate standards from the Maryland School Library Media Curriculum and the Maryland Technology Literacy Standards. These standards are indicated by the abbreviations MD SLM 6-8 _____ (read “Maryland School Library Media, grades 6-8, Standard, Indicator, Objective”) and TL (read “Technology Literacy Standards” followed by Standard, Indicator, Objective).

- **RF1.a** Follow words from left to right, top to bottom, and page by page.
- **Essential Skills and Knowledge**
  - With prompting and support,
    - demonstrates interest/attention to print
    - follow words from left to right, top to bottom, front to back and page by page
    - make return sweep to next line of text

- **Essential Skills and Knowledge**
  - Follow words from left to right, top to bottom, and page by page.
  - Recognize that spoken words are represented in written language by specific sequences of letters.
  - Understand that words are separated by spaces in print.
  - Identify the components of a sentence (e.g., words, punctuation, etc.).

- **RF1.b** Recognize that spoken words are represented in written language by specific sequences of letters. (SC, K)
- **Essential Skills and Knowledge**
  - With prompting and support,
    - engage in a variety of literacy experiences (e.g., shared reading and writing, Interactive Read Alouds, Language experience stories, etc.) using a wide selection of texts (e.g., a variety of structures and/or genres representing a wide variety of cultures).
    - recognize that spoken words can be written, spoken and read
    - know the difference between letters and words
    - recognize that letters go together to make words
    - identifies words in text

- With prompting and support,
  - engage in a wide variety of literacy experiences involving writing that focuses on spaces in print (e.g., Interactive Read Alouds, shared reading and writing, language experience stories, small group instruction, etc.)
  - know the difference between a letter and a word
  - recognize that letters build words and words build sentences.
  - recognize that printed words are separated by spaces

| **RF1.d** Recognize and name all upper and lowercase letters of the alphabet. (SC, K) | | |

#### Essential Skills and Knowledge
- With prompting and support,
  - differentiate between numerals, letters and words.
  - engage in a wide variety of literacy experiences involving writing that focuses on upper and lower case letters in print (e.g., Interactive Read Alouds, shared reading and writing, language experience stories, small group instruction, etc.)
  - attend to print in order to learn letter names
  - identify and name upper and lower case letters out of context and in isolation

#### Essential Skills and Knowledge

- With prompting and support,
  - identify and differentiate environmental sounds
  - recognize rhyming words in spoken language
  - understand the relationship between onset/rime in creating rhyming words
  - demonstrate auditory discrimination to match rime/same beginning and ending sound
  - demonstrate auditory discrimination of rimes/same ending sounds
  - identify rhyme in poems and stories read aloud.
  - repeat and produce rhyming words

- Demonstrate auditory discrimination skills.
  - Identify and produce short vowel sounds.
  - Identify and produce long vowel sounds.

| **RF2.b** Count, pronounce, blend, and segment syllables in spoken words. | **RF2.b** Orally produce single-syllable words by blending sounds (phonemes). (SC, 1) | |

#### Essential Skills and Knowledge

- With prompting and support,
  - identify and isolate individual words in spoken language
  - identify letters, sounds and corresponding sounds
  - orally blend word parts (e.g. onsets, rimes, and compound words)
  - identify whether isolated sounds are same or different
  - blend sounds and syllables to form words

- Orally segment and count the syllables heard in given words.
  - Identify initial, medial, and final sounds (phonemes) in single-syllable spoken words.
  - Compare and identify the sounds (phonemes) in single-syllable spoken words using initial, medial, and final sounds.
  - Identify onsets and rimes of single-syllable spoken words.
  - Orally blend 3-4 phonemes into a word.

### Essential Skills and Knowledge
- Use prior knowledge and experiences to confirm or self-correct word recognition and understanding.
- Develop a conceptual understanding of new words to confirm or self-correct word recognition and understanding.
- Reread when something does not make sense in order to determine the meaning of a known word.
- Using context cues and visual clues to guide self correction.
- Use prior knowledge and experiences to confirm or self-correct word recognition and understanding.
- Demonstrate a conceptual understanding of new words, e.g., classify and categorize into groups, identify antonyms, synonyms, homophones.
- Reread at point of difficulty in order to use structure and meaning to determine unknown word.
- Use context cues, sentence structure, and visual clues to guide self correction.
